## Grant, Development, and Director Experience

---

- **Executive Directorship:** As Executive Director of the Transformative Ideas program at Duke, oversaw growth of program from a pilot of 60 sophomores in Spring 2022 to 350 sophomores in Fall 2024 – nearly one-third of the sophomore class. Responsibilities included liaison with faculty for creation of courses across departments, grant development and fundraising, institutional strategy, media and communication strategy, and development of programming and colloquia.
- **Civil Discourse in Teaching Grant:** Wrote successful \$600,000 private grant to fund series of summer seminars at Duke University through the Kenan Institute for Ethics. Seminars involved nearly 100 faculty from over 70 universities.
- **Postdoctoral Fellowships:** Wrote several successful grants to fund Transformative Ideas and Kenan Institute for Ethics postdocs, amounting to > \$1,000,000 over four years.
- **Science and Religion Project:** Successfully wrote and acquired \$300,000 private gift to fund courses and visiting scholars working at the intersection of science and religion.
- **Intellectual Friendship Grant:** Helped develop and submit one successful grant, and another pending grant, worth over \$6,000,000, to create fellowships, and to offer faculty seminars and working groups with the goal of reinvigorating interdisciplinary scholarship. Worked closely with Duke development, Duke Foundation Relations, and Duke Office of Research Support (ORS) to create detailed budget and proposal for successful submission.
- **TI Living Learn Dorm:** Created and launched the Transformative Ideas living learning community (LLC), an intellectual dorm community of students dedicated to considering big

questions of society, meaning, politics, and culture from a range of viewpoints.

- **Curriculum Development:** In role as Executive Director assisted with developing more than a dozen new courses with faculty teaching in the Transformative Ideas program from various departments, including English, History, Romance Studies, Political Science, Neuroscience, Mathematics, Classics, Computer Science, Biology, Economics and Ethics.
